

Basic Info

Model NO.: ABIS096

Driving Motor Type: Permanent Magnet Mold

Cavity Technology: CNC Milling

Milling Speed: Normal Speed

Parts Detection Method: Measurement of Three Axis NC

Name: Custom Metal Stamping Tooling for Home Appliance

Packing: Wooden Case

Lead - Time: 48 Days

Customized: Customized

Model No: ABIS096

Tolerance: +-0.03mm

Mould Material: Cr12, Cr12MOV, DC 53, Skh-9, 45#

Software: Auto CAD, Cae, PRO-E, Solidworks, Ug

Cavity: 1 to Multiple

Surface: Polishing, Heat Treating, Td Coating, Plainting etc

Trademark: huihai auto

Transport Package: Wooden Case

Specification: SGS, ISO

Origin: Zhongshan

HS Code: 8207300090

Product Description

Custom metal stamping tooling for home appliance

Product Details:

Name: custom metal stamping tooling for home appliance

Mould Material: cr12, cr12mov, Dc 53, SKH-9, 45# etc

Stamping material: stainless steel, aluminum alloy, brass, zinc, carbon steel, copper etc.

Tolerance: $\pm 0.03\text{mm}$

Software: 2/3 D, Auto CAD, CAE, PRO-E, Solidworks, UG, Catia, MOLDFLOW, ANYCASTING

surface: TD coating, heater treatment, polish etc

Package: wooden case

Lead time: 30 to 60 days

Payment term: T/T, western union

Certificate: ISO9001:2008, SGS
